GAS41 Antibody

Catalog: OM279532

☐ 100ug

Product profile

Product name	GAS41 Antibody
Antibody Type	Primary Antibodies
Product description	NuBI-1 is found in the nucleoli. It has high sequence homology to human MLLT1, and yeast and human MLLT3 proteins. Both MLLT1 and MLLT3 proteins belong to a class of transcription factors, indicating that the encoded protein might also represent a transcription factor. This protein is thought to be required for RNA transcription. The gene for this protein has been shown to be amplified in tumors.1) Cai, Y., et al., J. Biol. Chem. 278(44):42733-42736 (2003).
Immunogen	This GAS41 (YEATS4/NuBI-1) antibody is generated from rabbits immunized with a KLH conjugated synthetic peptide between 16-46 amino acids from the N-terminal region of human GAS41 (YEATS4/NuBI-1).

Key Feature

Clonality	Polyclonal
Isotype	Ig
Host Species	Rabbit
Tested Applications	WB
Species Reactivity	Human
Concentration	1 mg/ml

Target Information

Gene Symbol	YEATS4
Alternative Names	YEATS domain-containing protein 4, Glioma-amplified sequence 41, Gas41, NuMA-binding protein 1, NuBI-1, NuBI1, YEATS4, GAS41
Molecular Weight(MW)	26 kDa
Sequence Similarities	Predicted species reactivity based on immunogen sequence: Mouse

Database Links

Entrez Gene	8089
Protein Accession	O95619

Application

Application
 Western blot analysis of anti-NuBI-1 Pab in HepG2 cell line lysate.

Application Notes For WB starting dilution is: 1:1000:

Additional Information

Form	Liquid
Storage Instructions	Store at 4°C for three months and -20°C, stable for up to one year. As with all antibodies care should be taken to avoid repeated freeze thaw cycles. Antibodies should not be exposed to prolonged high temperatures.
Storage Buffer	Supplied in PBS with 0.09% (W/V) sodium azide.
Note	The product is for research use only,not for use in diagnostic or therapeutic procedures.
