GST Antibody (preservative free)

Catalog: OM280431

☐ 100ug

Product profile

Product name	GST Antibody (preservative free)
Antibody Type	Tags Antibodies
Product description	Best known for their ability to conjugate glutathione (GSH) and thereby detoxify cellular environments, GSTs are also capable of binding nonsubstrate ligands with important cell signaling implications. GST is used as a purification tag for recombinant proteins.
Immunogen	Recombinant full-length glutathione S-transferase (GST).

Key Feature

Clonality	Polyclonal
Host Species	Rabbit
Tested Applications	WB
Species Reactivity	Human
Concentration	1 mg/ml
Purification	Affinity purified

Target Information

Gene Symbol	N/A
Alternative Names	Glutathione S-transferase
Tissue Specificity	Recognizes GST.

Database Links

Entrez Gene	N/A
Protein Accession	N/A

Application

Application Notes	Western Blot: 1:8000 . Optimal conditions must be determined individually for each application.:
-------------------	--

Additional Information

Form	Liquid
Storage Instructions	Stable for at least 1 year after receipt when stored at -20°C.
Storage Buffer	Liquid. Sterile filtered. Preservative free formulation.
Note	The product is for research use only,not for use in diagnostic or therapeutic procedures.
