# HA tag antibody

Catalog: OM255793

☐ 100ug

## Product profile

|                     |  |
|---------------------|--|
| Product name        | HA tag antibody  |
| Antibody Type       | Tags Antibodies  |
| Product description | Rabbit polyclonal antibody to HA tag   |
| Immunogen           | Rabbits were immunized with HA cleavage site (YPYDVPDYA). Antibody was isolated by affinity chromatography using the peptide immobilized on solid support. Rabbit anti- human HA affinity purified antibodies were coupled to peptide immobilized on solid support |

## Key Feature

|                     |   |
|---------------------|---|
| Clonality           | Polyclonal  |
| Host Species        | Rabbit  |
| Tested Applications | ELISA ,ICC/IF ,WB   |
| Concentration       | 1 mg/ml (Please refer to the vial label for the specific concentration) |
| Purification        |   |

## Target Information

|                    |   |
|--------------------|---|
| Target             | HA tag                                    |
| Tissue Specificity | Antibody recognizes the HA cleavage site. |

## Application

**Application**

Detection of HA-tagged Protein by Western Blot. Samples: 200, 100, or 50ng of E. coli whole cell lysate expressing a multi-tag fusion protein. Antibody: at 0.04ug/ml. Detection: Chemiluminescence with an exposure time of 3 seconds.

**Additional Information**

|                      |   |
|----------------------|---|
| Form                 | Liquid  |
| Storage Instructions | Keep as concentrated solution, aliquot and store at 4°C. Do not freeze.                   |
| Storage Buffer       | phosphate buffered saline , pH 7.4, 150mM NaCl, 0.02% sodium azide and 50% glycerol.      |
| Note                 | The product is for research use only,not for use in diagnostic or therapeutic procedures. |
