HA tag antibody

Catalog: OM255817

☐ 100ug

Product profile

Product name	HA tag antibody
Antibody Type	Tags Antibodies
Product description	Mouse Monoclonal antibody [GT423] to HA tag

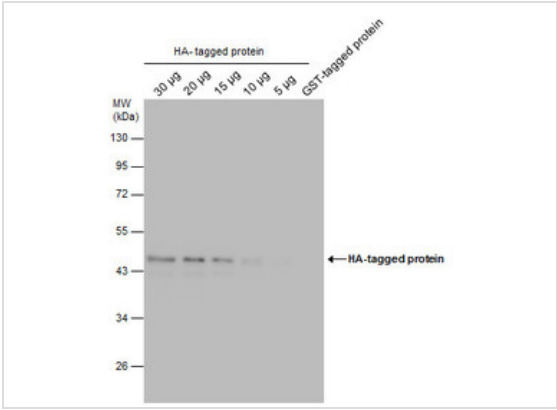

Key Feature

Clonality	Monoclonal
Isotype	IgG2
Clone Number	GT423
Host Species	Mouse
Tested Applications	ICC/IF ,IP ,WB
Concentration	1 mg/ml (Please refer to the vial label for the specific concentration)
Purification	Affinity purified

Target Information

Gene Synonyms	HA tag antibody, HA antibody, HA epitope tag antibody
---------------	-------------------------------------------------------

Application

Application

HA tag antibody [GT423] detects HA tag protein by western blot analysis. HA tag-transfected and GST tag-transfected (30 µg) 293T whole cell extracts were separated by 10% SDS-PAGE, and the membrane was blotted with HA tag antibody [GT423] diluted at 1:5000. The HRP-conjugated anti-mouse IgG antibody was used to detect the primary antibody.

Application

HA Tag antibody [GT423] detects HA Tag protein by western blot analysis. A. 30 µg HeLa whole cell lysate/extract B. 30 µg whole cell lysate/extract of HA-tagged protein expressing HeLa cells 7.5% SDS-PAGE HA Tag antibody [GT423] dilution: 1:5000 The HRP-conjugated anti-mouse IgG antibody was used to detect the primary antibody.

Application

HA tag antibody [GT423] detects HA-recombinant protein by immunofluorescent analysis. Sample: HA tag transfected HeLa cells were fixed in 4% paraformaldehyde at RT for 15 min. Green: HA-recombinant protein stained by HA tag antibody [GT423] diluted at 1:2000. Blue: Hoechst 33342 staining.

Application

HA tag antibody [GT423] immunoprecipitates HA-HIF-1α protein in IP experiments. IP Sample: 400 µg cell lysate/extract of HA-HIF-1α transfected 293T cells A. Control with 2 µg of preimmune mouse IgG B. Immunoprecipitation of HA-fused protein by 2 µg of HA tag antibody [GT423] 5% SDS-PAGE The immunoprecipitated HA-HIF1α protein was detected by HIF-1α antibody diluted at 1:1000.

Positive Control	HeLa , HA-tagged protein expressing HeLa
Application Notes	*Optimal dilutions/concentrations should be determined by the researcher. :

Additional Information

Form	Liquid
Storage Instructions	Keep as concentrated solution. Aliquot and store at -20°C or below. Avoid multiple freeze-thaw cycles.

Storage Buffer

PBS

Note

The product is for research use only, not for use in diagnostic or therapeutic procedures.
